

*“ I
search through
nature and change it
so I can understand it
and represent its essence.
I like doing this in a teasing, playful
way. My cuisine is a stroll through
an imaginary landscape: metaphysical,
surreal, hyper-realistic, but real.
My dishes consist of small
containers with different shapes,
colors and flavors that contrast and complement
one another: fragments of nature.
Each creation has a title that represents
an idea linked to the season,
to a bit of news, to one of my thoughts.
What exactly are these dishes?
A vision of time that changes
continuously, and yet,
never changes.
Have fun!”*

OUR MENU FOR SUMMER

*Joiá's tasting menus are the ideal way to explore the secrets of my cuisine.
"Zenith" is the very essence of it. Conceived in small portions, it embodies
all the creations of each season.*

*The other menus, equally satisfying, consists of a series of dishes
proportionately sized to the number of courses.*

All our ingredients have been selected for their organic, biodynamic or synergistic origin: this choice of taste safeguards our dear planet and protects our inner landscape.

Our dishes are prepared without eggs, many of them without gluten and dairy products.

This is not done to alter the taste, but to make them lighter and well balanced.

Food doesn't have just to be good, it has to make us feel good after having it.
